AZIMUT 68 PLUS.

DESCRIPTION

This beautiful Azimut 68 Plus features elegant Italian design that remains modern at all times. The interiors, crafted with fine materials, feature a contemporary aesthetic. The layout includes four cabins, each equipped with a private bathroom and finished in cherry wood, along with the crew cabin, which accommodates two crew members and includes a private bathroom with a shower and an independent entrance on the aft side. The four guest cabins can accommodate up to eight people, a master cabin, a VIP cabin, a double cabin, and one with staggered bunk beds, all offering exclusive amenities. The outdoor spaces are spacious and perfect for relaxing during cruises or sunny days on board. The aft deck, adjacent to the salon, is covered and offers a dining area with comfortable outdoor seating. The teak side decks, as well as the entire deck and the aft platform, lead to the bow deck, where there is a large sunbathing area ideal for sun lovers. Above, the flybridge, accessible from both the aft deck and the internal staircase in the salon, offers an additional outdoor dining area, sun loungers, and a barbecue zone. The rear section is equipped with a custom stainless steel tintibene and a large cushion, creating another perfect corner for relaxation and sunbathing. This yacht is fitted with top-of-the-line equipment, including a satellite antenna, dual generators, dual autoclaves, an ice maker, a wine cooler, air conditioning in all cabins, bow and stern propellers, and with only 1085 engine hours, it is in excellent condition for its year of construction.
