ABSOLUTE 40 FLY.

DREAM YACHT — BROKERAGE & SALES

AT A GLANCE

ABSOLUTE 40 FLY.

Maximum comfort with Natante certification.

This example, in excellent condition, is the smallest large Flying Bridge in the world. This vessel represents the perfect balance between the maneuverability of a natante and the livability of a higher-category motoryacht.

Equipped with IPS transmissions, ensuring reduced fuel consumption, no vibrations, and precise maneuverability in port. The hull is designed for a soft and safe re-entry into the waves, offering brilliant performance with low operating costs.

Surprisingly spacious flybridge with second helm station, bar area, grill and fridge, and dedicated dinette. The cockpit and saloon, separated by a disappearing glass partition, create a bright and airy open-space environment. Convenient electric side door for immediate access to the starboard side deck and enlarged swim platform.

The boat has been carefully maintained and is fully equipped with every optional feature.

See notes for description of works carried out.

The tender is excluded from the sale.
