SAGEMAR SAGENE 38 FLYBRIDGE

DREAM YACHT — BROKERAGE & SALES

AT A GLANCE

SAGEMAR SAGENE 38 FLYBRIDGE

EXCEPTIONAL SAGENE SAGEMAR 38 FLYBRIDGE SINGLE OWNER
A vessel that impresses with its balance, liveability and quality of spaces.
The SAGENE SAGEMAR 38 Flybridge, also known as Sagene 130 F, represents a particularly interesting solution for those wishing to enjoy the sea with comfort and autonomy, without necessarily stepping up in size category.
With its 11.24-metre length, it offers generous and rationally organised interior spaces. The bright, well-designed and welcoming saloon integrates with a sleeping area comprising two cabins, capable of comfortably accommodating four people. Completing a particularly functional layout are two independent bathrooms, both equipped with shower and bidet system.
A configuration that, combined with the richness of onboard equipment, makes this vessel ideal also for medium to long-range cruising, guaranteeing comfort and independence during stays on board.
The equipment includes reversible air conditioning, generator, centralised vacuum system, bow thruster and numerous other accessories designed to make navigation and anchorage pleasant and convenient.
This specimen presents itself overall in excellent general condition. The work to be scheduled is of limited extent and concerns mainly aesthetic aspects, including the replacement of the external cushioning, currently present but deteriorated.
A further valuable element is represented by its history: single owner since construction, who personally oversaw the choice of fittings and certain considerations in the flybridge configuration, contributing to creating a vessel tailored to his own needs. Over the years it has been meticulously maintained, from routine hull and surface maintenance to ordinary and extraordinary engine servicing.
The most recent maintenance work and interventions are detailed in the additional description.

Galley corner with worktop, ceramic glass cooktop, sink, oven and refrigerator;
Master cabin forward with private WC featuring shower box;
Guest cabin with 2 single beds
Guest WC

EQUIPMENT

Onboard Equipment

Equipment

- Electrical generator
- Refrigerator
- 4-burner stove
- Camper closure
- Flybridge rail
- Flybridge bimini top
- Complete cushion set
- Aft awning extension
- Aft privacy tent
- Window blinds
- Hydraulic gangway
- Electric toilets
- Bidet system
- Reversible air conditioning
- Centralized vacuum system

Electronics & Instrumentation

- Compass
- Fixed VHF
- Portable VHF
- Bow thruster
- Color GPS
- Autopilot
- Depth sounder
- Trim tabs

CARE & MAINTENANCE

A boat always kept up to date

2026

- Mechanical seals
- Shaft bushings
- Replacement of sea intakes and valves

2025

- Replacement of windscreens in flexiglass flybridge
- Air conditioning control units

2024

- All batteries

2023

- DS engine injector overhaul
- Sea water pump overhaul
- Accumulator tank
- Engine hoses
- Heat exchanger cleaning
